## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on September 2, 2004 has been entered.

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Peter Saxon on January 5, 2005.

The application has been amended as follows:

In claim 3, the phrase [claim 2] has been replaced with --claim 1--.

In claim 4, the phrase [claim 2] has been replaced with --claim 1--.

This effectively changes the dependency of these claims from claim 2, which had been previously cancelled, to claim 1.

***Allowable Subject Matter***

Claims 1, 3-6, and 9-13 are allowed.

The following is an examiner's statement of reasons for allowance: Applicant's amendments and remarks filed September 2, 2004 are sufficient in overcoming the rejections of the previous Office Action. These rejections have been withdrawn accordingly. The prior art fails to teach, or make obvious, a process of depositing a silicon film by plasma CVD that comprises the limitation of providing an electrode that is spaced in between the discharge electrode and the substrate, the electrode having a voltage frequency of 1MHz to 500 MHz and a maximum amplitude of 80V or less such that only electrons are energized and generation of the hydrogen radicals is controlled.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
